

homepage

The screenshot shows the homepage of the BestFlight website. At the top, there is a navigation bar with links for Home, Flights, and Login. Below the navigation is a large search form titled "Book Domestic & International Flight Tickets". The search form includes fields for "Flying from" and "Flying to" (both with "Type Departure City" and "Type Destination City" input fields), a date field for "Departure" (format mm/dd/yyyy), and dropdowns for "Adults (18+)" (set to 1) and "Children (0-11)" (set to 0). A "Search" button is located at the bottom of the search form. The background of the page features a scenic view of snow-capped mountains and a swimming pool with palm trees.

Login

The screenshot shows the login page of the BestFlight website. It features a similar layout to the homepage, with a navigation bar, a flight booking search form, and a background image of a beach and mountains. On the right side of the page, there is a prominent "Login" button. A modal window is open, prompting the user to enter their "User name/label" (with "test" entered) and "Password" (with "****" entered). There is also a "Sign in" button, a "Remember me" checkbox, and a "Forgot your password?" link. Below the login form, there are social media integration options for "Connect with Facebook" and "Connect with Google", and a link for "New account? Signup".

login success

The screenshot shows a web browser window for 'localhost/login.jsp'. The title bar says 'Home' and 'localhost/login.jsp'. The main content area features a large image of a tropical beach with a thatched hut. Overlaid on the image is a white box containing the text 'Login success! Welcome test' and a 'Home' button. At the top of the page, there's a navigation bar with 'Flights' and 'Login' buttons. Below the main image, there are four sections: 'Our Products' (Flight Schedule, City Airline Routes, International Flights, International Hotels, Bus Booking), 'Company' (About Us, FAQs), 'Travel Resources' (Holidays Packages, Weekend Getaways), and 'More Links' (Flights Discount Coupons, Domestic Airlines). A modal dialog box is centered, asking 'Would you like to save your password for localhost?' with 'Yes', 'No', and 'X' buttons.

signup

The screenshot shows a web browser window for 'localhost/signup.html'. The title bar says 'Signup' and 'localhost/signup.html'. The main content area features a large image of a tropical beach with a thatched hut. Overlaid on the image is a white box containing the text 'Create Your BestFlight Account' and a 'Register' button. To the right of this box is a 'Recommended' sidebar with social media connection buttons ('Connect with Facebook', 'Connect with Google') and a list of travel-related services: 'Access booking history with upcoming trips', 'Print tickets and invoices', 'Make checkouts simpler', 'Enter your contact details only once', and 'Get alerts for low fares'. Below the main form, there are four sections: 'Our Products' (Flight Schedule, City Airline Routes, International Flights, International Hotels, Bus Booking), 'Company' (About Us, FAQs, Terms & Conditions, Privacy, Contact Us), 'Travel Resources' (Holidays Packages, Weekend Getaways, International Airports, Domestic Flights Booking, Customer Support), and 'More Links' (Flights Discount Coupons, Domestic Airlines, Indigo Airlines, Air Asia, Jet Airways).

signup database

Screenshot of MySQL Workbench showing the 'users' table in the 'bestflight_database'. The table has columns 'UID', 'PASSWD', and 'TYPE'. Two rows are present: 'test' (UID: test, PASSWD: test, TYPE: test) and 'test2' (UID: test2, PASSWD: 9999, TYPE: user).

UID	PASSWD	TYPE
test	test	test
test2	9999	user
*	NULL	NULL

signup success

Screenshot of a web browser showing the 'BestFlight' homepage. The URL is 'localhost/signup.jsp'. The page features a banner image of a beach hut on a wooden deck overlooking the ocean. A welcome message 'Welcom to Bestflight!test2' is displayed in a box, along with a 'Home' button. The navigation bar includes 'Flights' and 'Orders' buttons, and a 'Login' button. Below the banner, there are four main sections: 'Our Products', 'Company', 'Travel Resources', and 'More Links', each listing various travel-related links.

order database

The screenshot shows the MySQL Workbench interface. On the left, the Navigator pane displays various database management sections like Management, Instance, Performance, Schemas, and sys. The central area shows a query editor with the SQL command: `SELECT * FROM bestflight_database.orders;`. Below the query is a Result Grid displaying two rows of data from the 'orders' table:

uid	ticketid	name	email	creditcard	address	date	price
test	0UNhjS26qbBU6SzkwRlY0F003	teddy	tt@t.tt	1234	20e 25nd,apt 110	2016-11-10	CNY1290
test2	BQbFnkyyMRSRvhp35V6at4002	teddy	q@gmail.com	123456	500e ,apt 12	2016-11-10	USD1569.90

tickets

The screenshot shows a web browser window titled "GetTicketsServlet Result". The URL is `localhost/GetTicketsServlet?flyfrom=bjs&flyto=ord&dateinfo=2016-12-12`. The page displays a table titled "Search info" with flight details and a "Check out" button.

duration	origin	destination	flightCarrier	flightNum	aircraft	departTime	arrivalTime	price	Select?
835	ORD	PEK	CA	7202	777	2016-12-12T12:30:06.00	2016-12-13T16:25+08:00	USD1569.90	<input type="radio"/> Yes

tickets database

The screenshot shows the MySQL Workbench interface with the 'bestflight_database' selected. The 'tickets' table is currently selected in the object browser on the left. The main area displays the results of the query: 'SELECT * FROM bestflight_database.tickets;'. The results are presented in a grid format with the following columns: id, duration, flightNum, flightCarrier, aircraft, arrivalTime, departTime, and flyTo. The data consists of 20 rows of flight information.

	id	duration	flightNum	flightCarrier	aircraft	arrivalTime	departTime	flyTo
